BILLING CODE 6712-01-F

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION**48 CFR Part 1825****Revision to NASA FAR Supplement Coverage on Foreign Contracts**

AGENCY: Office of Procurement, Contract Management Division, National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: NASA is deleting the requirement that NASA Headquarters must be responsible for placing all NASA foreign contracts. The policy change will provide center procurement offices the authority to support their own technical offices for foreign requirements. This change supports the Headquarters focus of streamlining procurement operations by shifting operations to centers and placing authority with the activity that has the requirement. NASA is also deleting the requirement for centers to coordinate with Headquarters before awarding a contract for a designated-country end product as identified under the Trade Agreements Act of 1979. NASA is revising the policy to indicate when coordination with NASA Headquarters

is required and what information must be provided during the coordination process.

EFFECTIVE DATE: July 21, 1995.

ADDRESSES: Office of Procurement, Contract Management Division (Code HK), NASA Headquarters, 300 E Street SW., Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Ms. Deborah O'Neill, (202) 358-0440.

SUPPLEMENTARY INFORMATION:

Background

This rule deletes the requirement for the responsibility of placing all of NASA's foreign contracts at NASA Headquarters. NASA policy had required that all foreign contracts be placed by the NASA Headquarters Acquisition Division within the Office of Procurement. The reason for centralizing the placement of foreign contracts was that some of the requirements for contract clauses imposed by U.S. laws conflict with statutory prohibitions imposed by foreign countries. The resolution of those issues could require close coordination among the NASA Headquarters External Relations Office, Office of General Counsel, the Office of Procurement, and the Department of State. However, the Headquarters Acquisition Division does not provide procurement support to other center project offices for their requirements. In a move to streamline the procurement process and provide efficient operations, the center procurement offices will support their own technical office for foreign requirements. Headquarters will maintain points of contact in the Offices of Procurement, General Counsel (Contracts), and External Relations for advice regarding contractual, international, and legal issues.
